Music Jams

We've expanded our jams to Thursdays and some Tuesdays to bring our Fiddle Tunes Jam back and to offer all our genres more often.

Come join us each week and experience the joy of making music with others. All voices and acoustic instruments are welcome.

For schedules and complete details:

Our Opening Acts

You may wonder why we offer 2 opening acts at our shows. Our mission is to nurture and grow this music that we all love. Growth won't happen, unless new players get opportunities to perform on stage in front of real audiences. And our audiences are the most appreciative and respectful you'll find anywhere.

Anyone can sign up to play as an opener, as long as they play acoustically. This means that you'll see rank beginners as well as seasoned performers before our main acts. It's all in service to the music.

Got a musical dream of your own? Sign up as an opening act at the Rose!

We Need Help !

We need bakers and volunteers to work our snack-bar counter on show nights. Share your favorite dessert at a show, and you'll get free admission. We also have openings for folks with specific skills in other areas. Won't you consider helping out?
